

Participant Support Cost

Participant Support Costs (PSC) are cost paid to (or on behalf of) participants or trainees (**but not employees**) of a workshop, conference, seminar, symposium or other information sharing activity. These costs include stipends* or subsistence allowances, travel allowances and registration fees paid to the participants or trainees. The participants are not required to provide any service to the University. Participants may include students, national scholars and scientists, private sector representatives, agency personnel, teachers and others who attend and participate in the conference workshop or training activity.

These funds cannot be used to pay for costs of the project staff to travel to a conference, costs of bringing collaborators together for a meeting, etc. or for the Principal Investigator (PI) to attend a seminar, workshop or training event. The National Science Foundation (NSF) has the most restrictive policies governing expending and reporting of these funds. Therefore, Delaware State University's Participant Support Cost Policy is based on NSF requirements. Contact Sponsored Programs for more information on PSC.
